**Non Council assets affected:**

Power/Light Pole                       Telstra asset (pit, tower, etc)                       Fire Hydrant  
 Gas Main                       Other, specify \_\_\_\_\_

**IF ANY IN THIS SECTION ARE SELECTED, AUTHORITY CONSENT IS REQUIRED PRIOR TO SUBMITTING APPLICATION**

**Anticipated start date:** \_\_\_\_\_ **End date:** \_\_\_\_\_

## Person carrying out the work

**Contractor's name:** \_\_\_\_\_

**ABN:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**Suburb:** \_\_\_\_\_ **State:** \_\_\_\_\_ **Postcode:** \_\_\_\_\_

**Contact person:** \_\_\_\_\_ **Telephone (BH):** \_\_\_\_\_

**Mobile or AH telephone:** \_\_\_\_\_ **Fax:** \_\_\_\_\_

**Email address:** \_\_\_\_\_

## APPLICATION TO UNDERTAKE WORKS IN THE ROAD RESERVE (Council roads only)

Please allow a minimum of 20 working days for assessment of this application. This is NOT Consent.

### Vehicle Crossing Application Addendum

#### Complete this section for Vehicle Crossings only

Please provide drawing of site (not to scale) showing proposed crossing location in relation to all Council and public authority assets such as trees, drains /drainage pits, poles, signs, water, electrical, and telecommunication services, as well as vehicle crossings to adjoining properties, preferably with dimensions:

#### PLEASE TICK RELEVANT BOXES

Is there an existing vehicle crossing at this property which is proposed to remain? Yes No

#### Type of crossing proposed to be constructed:

- Multiple crossings into the property No: \_\_\_\_\_ Width of property: \_\_\_\_\_ (Properties less than 20m wide are unlikely to have a second vehicle crossing approved)
- Single vehicle crossing less than 3.6m wide
- Relocate existing crossover
- Crossover greater than 3.6m wide Width? \_\_\_\_\_

Does a planning permit apply for this crossing? Yes No

If yes, please provide planning permit number: WH/ \_\_\_\_\_

(A copy of the endorsed plan **must** be attached. A search fee is applicable for Council to search details of a planning permit. Contact Council's Planning and Building Department on 9262 6303).

Is there a heritage overlay on the road where crossing is to be constructed? Yes No

To find out if there is a heritage overlay, contact Council's Planning and Building Department on 9262 6303. If yes, a planning permit will be required. For further information, refer to Planning and Building Department.

Do you wish to meet with Council's Civil Works Inspector when he conducts site visit to assess your application?

Yes No

(The Civil Works Inspector will contact you to arrange a suitable time, within two weeks of application lodgement).

### Public Liability Insurance Details (copy must be submitted with this application form)

Does the contractor have public liability insurance? Yes No

(must be a minimum of \$20million cover)

***A valid certificate of currency must be supplied before a permit can be issued.***

#### Notes

1. Please note that if any part of the road or footpath has to be closed as a result of the works, you may be required to obtain consent for temporary part road closure. Please contact Council's Transport Team on 9262 6187.
2. Please be aware that you may require additional permits from other Council departments and other authorities. Please allow additional time for processing of the relevant permits. (In some instances this may add an additional 10 working days).

## APPLICATION TO UNDERTAKE WORKS IN THE ROAD RESERVE (Council roads only)

Please allow a minimum of 20 working days for assessment of this application. This is NOT Consent.

### Attachments

#### Please Attach (if applicable):

- |  | Attached?  |
|--|--|
| 1. A copy of your site traffic management plan                               | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 2. A certificate of currency of public liability insurance                   | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 3. Civil works (drainage) plan approved by development approval engineer     | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 4. Consent for temporary part road closure                                   | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 5. Endorsed plan (if works are part of a development e.g. units, commercial) | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 6. Planning permit (vehicle crossings in heritage overlay)                   | <input type="checkbox"/> Yes <input type="checkbox"/> No |

Please note: failure to attach relevant documentation may result in delays in the processing of your application, or refusal.

For further information on documentation required with your application, please check relevant Guidelines. Guidelines can be obtained from the Civic Centre or online at <https://www.whitehorse.vic.gov.au/planning-building/lodge-and-apply> or by contacting the Engineering and Environmental Services Department on 9262 6177.

### Refund of Security Deposit Bond

It is the applicant's responsibility to contact Council and request a refund of the security deposit bond, once work has been completed. A final inspection will be carried out, and upon approval of the final inspection and expiry of maintenance period (if applicable), a refund of the security deposit bond paid will be authorised. Where there is no maintenance period, refund process generally takes two to three weeks.

Please contact the Engineering and Environmental Services Department on 9262 6177.

### Conditions of Consent

Consent for works to be undertaken by the nominated works manager, if granted, will be subject to the works being conducted in accordance with the details contained within this application whilst meeting the requirements of the *Road Management Act 2004*, the *Road Safety Act 1986* and their associated Regulations and Codes of Practice and the conditions of consent outlined below.

1. The granting of the consent does not exempt the proponent from the requirements of other Commonwealth and state legislation or policy.
2. The proponent shall conduct the works in accordance with the requirements of the Code of Practice for Managing Utility and Road Infrastructure in Road Reserves and the Code of Practice for Worksite Safety – Traffic Management in Road Reserves.
3. The proponent acknowledges and agrees that its entry and occupation of the site and the carrying out of the works is entirely at its own risk and responsibility in all respects.
4. The proponent shall conduct works in a manner that protects the safety of the general public.
5. The proponent shall indemnify Whitehorse City Council against all liability arising out of the works undertaken, the failure to reinstate any roads to their prior condition, where the Proponent or its agents have been negligent in their performance of the work.
6. The design and construction of the stormwater drainage system up to the point of discharge from an allotment must be approved by the appointed Building Surveyor. That includes the design and construction of any required stormwater on-site detention system. This permit does not provide approval for any of the internal stormwater drainage system or on-site detention system. The proponent is to submit certification of the design of any required on-site detention system from a registered consulting engineer (who is listed on the Engineers Australia National Professional Engineer Register or approved equivalent) to Council as part of the civil plans approval process.
7. The proponent shall conduct all works in accordance with the approved plans and specifications.
8. Traffic management shall be conducted in accordance with a traffic management plan prepared in accordance with the Road Safety Act, Code of Practice for Worksite Safety – Traffic Management and other relevant legislative requirements. Safe alternative arrangements shall be provided for pedestrians and cyclists where necessary.
9. The proponent must reasonably satisfy itself of the location of any existing underground infrastructure that may be affected by the proposed works, consult with any affected infrastructure managers, and take any necessary precautions to minimise the impact on that infrastructure.
10. The proponent must ensure that the works are directly supervised at all times by adequately trained and competent staff.
11. Whilst undertaking the works, the proponent must protect and preserve existing roadside vegetation and site of biological significance within the road reserve.
12. The proponent shall, as far as is practicable, provide temporary reinstatement for works at the end of each day and where not practicable, provide secure safety barriers to prevent entry of the public onto the work site.
13. The proponent shall, as far as is practicable, undertake work practices which prevent windblown rubbish, mud, dust and other environmental pollutants from leaving the site and impacting on surrounding areas. Any pollutants which escape the site are to be cleaned up daily.
14. The Proponent shall reinstate all road infrastructure damaged as a result of the works as soon as reasonably practicable, to the requirements of Whitehorse City Council Standard Specification. Copies can be obtained from the Engineering and Environmental Services Department, telephone 9262 6177.
15. The proponent shall be responsible for any reinstatement works for a period of 12 months from their final completion (including any associated repairs to the road infrastructure).
16. The Proponent shall provide two weeks advance notice to the public and other authorities, where affected by the works.
17. Where access to abutting properties is affected, the proponent shall consult with the property occupiers prior to the commencement of the works, and provide for safe and reasonable alternative access arrangements during the works.
18. The works must be covered by a public risk insurance policy with a minimum cover of \$20,000,000 indemnifying Whitehorse City Council, against claims for damage or injury arising from the works.

# APPLICATION TO UNDERTAKE WORKS IN THE ROAD RESERVE (Council roads only)

Please allow a minimum of 20 working days for assessment of this application. This is NOT Consent.

19. The consent, if given, is in accordance with the information contained in the application and the conditions outlined above. Should the proponent wish to amend any item contained within the application, the proponent must discuss the proposed variation with Whitehorse City Council and obtain approval in writing for such variation.

### ADDITIONAL CONDITIONS FOR NON-UTILITIES

20. The proponent must not pour any concrete or backfill any drainage works until Council has inspected the site. A Council inspection must be arranged at the following works stages:
- The base, formwork and reinforcement placement (if any) for concrete works.
  - Drainage works prior to trench backfilling.

**Inspections can only be carried out between 9.30am and 1.30pm Monday to Friday.**

**A minimum of three working days' notice shall be given to Council before inspections are required.**

**To book inspections, please call the Engineering and Environmental Services Department, telephone 9262 6177.**

21. Vehicle crossings shall be constructed in accordance with Council's specification and relevant standard drawings. These are available from the Engineering and Environmental Services Department, telephone 9262 6177.
22. Thrust boring shall be used to lay services under concrete and bituminous surfaces.
23. The proponent shall reinstate the work in accordance with Council's specifications and to Council's satisfaction.
24. Should the Proponent fail to comply with any of these conditions, Council may, without reference to the proponent, carry out any work deemed necessary to reinstate the site to its pre-existing condition. Any costs incurred by Council will be at the proponent's direct expense.
25. The proponent is required (subject to the scope of works) to provide a bank guarantee or financial surety to the value determined by Council, which Whitehorse City Council can draw against should works not be completed to the satisfaction of Whitehorse City Council. The bank guarantee or financial surety will be held for the duration of the works and for a maintenance period of 12 months.
26. Please note that the property owner is responsible for ensuring that a Vehicle Crossing is properly constructed and is not a hazard to the general public. This application and consent is to be disclosed to property owners to ensure that they are informed about the conditions of the consent.
27. If the works are unsatisfactory the proponent will be required to carry out any works deemed necessary.
28. The Consent once issued is valid for 3 months.

### FURTHER MATTERS FOR THE PROPONENT'S CONSIDERATION

**This is not a condition of Consent**

Before commencing work in the Road Reserve, there may be a need to obtain permits and approvals from other Authorities. These may include:

Electricity no-go zones – Electricity Supply Authority; vegetation clearance – Department of Sustainability and Environment or local council planning permit; planning permit – local council; speed reduction through site – VicRoads Memorandum of Consent and/or permits.
