

Upcoming day works for North East Link

Site investigations in Box Hill North

We're building the missing link in Melbourne's freeway network.

What we'll be doing

We'll be doing more soil testing in your area during August and September in preparation for the next stage of North East Link.

This involves:

- Using a large drilling machine to test soil and ground water
- Drilling boreholes up to 30 metres deep and 15 centimetres in diameter
- Restoring the drilling locations and removing any fencing after works are complete.

Where and when we'll be working

- Koonung Creek Linear Park, Box Hill North, between Tram Road and in line with Norfolk Circuit **Monday 29, August to Friday 23, September.**

Drilling works will take place between **7am and 6pm, Monday to Friday.**

What this means for you

While these works will not impact your property, you may notice:

- Workers and construction vehicles
- Traffic controllers and signage
- Noise from machinery and equipment.

Traffic controllers will occasionally need to guide pedestrians and cyclists around the Koonung Creek Trail, as they move around the park. Safety is our priority and we ask for your assistance by following all instructions and signage.

We will reinstate the work areas once works are complete.

Managing impacts

We carefully manage our works to avoid impacting people and the environment. This includes:

- Working during the day, where possible
- Securing worksites with fencing
- Reducing noise at the source
- Preventing dust and water runoff.

Our community engagement team is available to discuss these works if you have any questions.

We appreciate your patience and understanding throughout these works.

Schedule is subject to change. Visit northeastlink.vic.gov.au/works for schedule changes. If you have any questions, please contact us on **1800 105 105**.
