## Site investigations

Burwood

AUGUST 2022

Suburban Rail Loop (SRL) is undertaking site investigations in Burwood in preparation for the Initial and Early Works.

Suburban Rail Loop will shape the future liveability, productivity and connectivity of Melbourne.

SRL East from Cheltenham to Box Hill will link major employment, health, education and retail destinations in Melbourne's east and south east.

The new line will reduce travel times and create up to 8000 direct local jobs during construction.

The new station at Burwood will deliver a train line to one of Australia's biggest universities for thousands of staff and students - connecting locals to key destinations across Melbourne.

### What are site investigations

Site investigations help the project team better understand important information about the underlying ground conditions and where utilities and services are located.

This data informs the project's design, planning, and construction methods.

### What we are doing

During these works, we will be using equipment including drainage inspection cameras and hoses to investigate underground utility services.

### How we will manage our work

The project team may use equipment that generates dust and medium level noise. Measures will be in place to minimise impacts to the surrounding businesses and the community.

These may include:

- Positioning equipment as far as possible from businesses and homes and turning it off when not in use
- Applying water during cutting and drilling to reduce dust impacts
- Monitoring dust and noise levels
- Completing works in stages, finishing at one location before moving to the next.

### When

Site investigations in Sinnott Street Reserve, Zinfra site and Burwood Highway will take place from **Tuesday 9 August** for approximately three weeks.

**Most works will be completed during normal day-time working hours, however up to two weeks of night works will be required on Burwood Highway from Monday 15 August.**

#### Normal day-time working hours

7am - 6pm, Monday to Friday

7am - 1pm, Saturdays

#### Night works on Burwood Highway from 15 August for up to two weeks

6pm to 7am, Monday to Sunday

You can now register to receive disruption information via text message. Simply text the word BURWOOD to 0429 469 592 to sign up to alerts for traffic and construction impacts for SRL East.

Alternatively, you can contact us on 1800 105 105. Thank you for your patience and cooperation as we progress the delivery of SRL East.

## What to be aware of

The map below shows traffic changes in place during these works. Vehicle and pedestrian access to homes and businesses will be maintained at all times with help from traffic controllers.

We encourage local residents and visitors to plan their journeys ahead of time and allow extra time when travelling through the area.

### Temporary changes

#### Burwood Highway

- Overnight lane closures for up to two weeks. Traffic management will be in place.

Burwood traffic changes - August 2022
